

SPEED SHOWN
BY ASSEMBLY.Tax Levy and Collection Bill
is Passed.Measure Aimed at Theaters is
Sent to Senate.Provision for Plane Landing
Fields is Made.

(BY J. P. MONTAGNA)

SACRAMENTO, April 22.—The Assembly speeded up its work during the afternoon today, the last day it could spend considering its own measures. Under the rules it must give next week, the final days of the session, to consideration of Senate bills. Nearly fifty measures were disposed of before a recess was taken for dinner, and the clock that had stood at 11:15 since about 11 o'clock was moved ten minutes nearer to the hour of twelve, thereby coloring the legislative action that noon had not yet come.

The most important measure passed and sent to the Senate was the act to provide for the assessment, levy and collection of taxes for the ensuing biennium. T. M. Wright, chairman of ways and means, introduced and examined the bill. It would bring about \$40,000,000 in for the seventy-first fiscal year and \$41,000,000 for the seventy-second fiscal year. This sum, he said, would provide funds for all budget appropriations and allow about \$1,500,000 for other purposes if emergency arises.

A routine provision in the bill allowing the State Board of Equalization to set an ad valorem tax if necessary areas, brought on a brief discussion, but Wright said it had already been in the bill, was there now at the instance of the Attorney General, had never been used and probably never would be. The dissenting vote, there being only a scattering negative vote.

The reorganization bills for the State government were allowed to "ride" when reached on file. They were not stricken off, but White, who had charges of the bill, said the companion bills that had already passed the Senate would probably be taken up instead. This cleared about a dozen numbers from the file.

The Assembly refused reconsideration to two measures today. They were a constitutional amendment by Isaac Jones and Merriam, rejection of which was affirmed; and Bishop's bill to prevent theaters from selling tickets unless seats are available, which was passed yesterday. The Assembly declined to

change its vote, and the measure went to the Senate.

Fellom's bill to provide a system of landing fields for airplanes throughout the State was passed. Manning's bill to permit the Governor to appoint a referee for accident insurance cases in each county of California, was passed, after a struggle. It was opposed by the State Industrial Accident Commission.

Smith's bill, intended to prevent the Railroad Commission from abrogating certain contracts of public utilities was defeated.

A bill by Ross to raise the minimum term that convicts under life sentence must serve before parole, from seven to fifteen years, was adopted. Ross said that now life-term convicts could be, and sometimes were, paroled after serving shorter terms than persons convicted of lesser offenses.

SCHOOL BILL DEFEATED.

A bill by Manning, to permit county superintendents to put horticultural commissioners and deputies on part-time pay where the work, in the judgment of the superintendents, did not justify full-time employment, was beaten by an overwhelming vote. Manning changed from yes to no, saying he "might as well make it unanimous."

Another act to fail was proposed by Hume, and provided for the withdrawal of elementary school districts from union high school districts, under certain conditions. It also was defeated decisively.

Fellom's bill, permitting counties to create the office of public defender, was passed. It is permissive and would allow a county to create the office if it desired to do so.

Frederickson had a bill in for Congressional re-districting, under the scheme outlined by the California delegation in Congress. When it was reached on file he said he did not desire to urge it, but was willing to have anybody take it up that wanted to do so. Benton moved it be referred to committee, which was equivalent to killing it, and it was so ordered.

One constitutional amendment received Assembly approval today. It was proposed by Green and would, if adopted, cause the legislative sessions to be annual instead of biennial. It proposed some other changes in the method of acting on bills, and made the handling of amendments more deliberate than at present.

SENATE BILLS PASSED.

Other bills passed and sent to the Senate, included:

By Morrison—Making appropriation for a building for the San Francisco Normal School.

By Manning—Appropriating \$5000 for a "children's recreational hall" at San Quentin. Manning said the "recreational hall" would be a school, but because of some inhibitions in the law relating to the State's right to build schoolhouses, the proceeding had to be by indirectness.

By Manning—An act amending Sections 4 and 7 of the Workmen's Compensation Act.

By White—An act amending Section 1428 of the political code, relating to Normal schools.

By Stevens—Three amendments to the fish and game laws.

By McCloskey—Amending the

State Banking Act to liberalize the restrictions on handling public funds.

TO INCREASE SALARIES.

By Saylor—Amending the Public Utility Act to provide that the salaries of certain trustees should be \$5000 annually instead of \$3000 annually. Mrs. Saylor said the salaries authorized had been prohibitive for the work contemplated under the law, hence it had been of little use.

By Hurley—Amending the political code to permit licensed attorneys acting as constables to practice their profession in any court except that to which they may be attached.

By White—An act authorizing a commission to select a farm school site in Southern California and report in two years.

By Hart—Changing the method of advertising delinquent tax lists.

By Morris—Amendments to the Vehicle Act. Morris said this bill would be necessary only if the Lee motor vehicle bill failed in the Senate and if the Lee bill passed he would have this one killed.

By Lee, Ira A.—Joint resolution for memorial to Congress relative to restoration of lower freight rates.

By Jones, G. L.—Classing certain costs of the medical service of the State as personal.

By Jones, G. L.—Amending the law relating to retirement systems for public employees.

AMENDS BANK ACT.

By Jones, G. L.—Amending the State Bank Act in the sections relative to consolidations.

By McPherson—Providing for a survey of a possible cutoff between Vallejo and a point on the Napa State highway.

The following bills were either defeated or died on file as indicated:

By Kline—Granting municipal corporations the right to code portions of public parks for non-profit hospitals. Died on file.

By Hornblower—Amending the Civil Code to allow a lease of houses of furnished apartments. Defeated.

By McPherson—An act to revoke the grant of certain islands on Napa Bay. Died on file.

By Lee, Ira A.—An act to amend sections 3 and 42 of the juvenile court law of 1915. Died on file.

By Baker—Amendment to Section 1184 of the Civil Code relative to notice to owners of labor performed or materials furnished. Died on file.

By Weber—New sections relative to care of dead bodies and property found thereon. Died on file.

CONSIDER SCHOOL BILLS.

Educational bills engrossed the attention of the Senate during much of today's session, sharp exchanges of opinion being maintained between the two bodies.

Opponents of the measure establishing property standards for medical schools, Breed's bill to cover the University of California, and the measure to establish a State normal school at Stockton.

Earlier in the day the Senate cleared its files of the remaining State reorganization bills by passing a measure, which in its amended form, would place the speaker of

weights and measures and the State Market Commission under the State Department.

TO INCREASE SALARIES.

When the evening session was begun, Breed called attention to the fact that the measure to increase the salaries of the members of the State Market Commission, which had been passed by the Assembly, had not been acted upon.

Anderson's bill, providing that legally chartered medical schools must have proper and equipped buildings, was designed.

Burnett said to do away with "by-night" institutions. Allen said he had been told the measure was intended to put all except the "old line" schools out of existence. F. M. Carr, referring to a court action in Los Angeles, held that the State Board of Medical Examiners should determine the valuation and suggested that a more equitable arrangement be made to have appraisers appointed by the State Board.

When Burnett promised to press in the Assembly amendments to the bill, the measure was passed without a dissenting vote.

STOCKTON NORMAL FIGHT.

Stockton's school bill brought on an even more bitter fight, in the final vote, being 21 to 18. Rogers explained that the bill appropriated only \$15,000 a year for the school, housing facilities for which have been guaranteed by the State for a two-year experimental period.

"This is only a starter," said Sample. "It would require \$500,000 to establish a normal school."

"This body has made a farce of the cry for economy by passing every appropriation bill brought before it," he said.

Senator who any influence has been able to get what he wanted. Now he is going to get it.

AID REVIVAL
OF BUSINESS.Harding and Cabinet Now at
Work on Big Problem.Believe Relief of Railways
Will be Forward Step.Marked Reduction Rates Are
Needed by Farmers.

BY ARTHUR SEARS HENNING.

WASHINGTON, April 22.—Whether the Cummins-Esch Transportation Act is working to the best interest of the country or needs radical revision is a question brought to the fore by the discussion in the meeting of President Harding with his Cabinet today.

The Cabinet again discussed ways and means of getting the country back to normalcy, which Mr. Harding is beginning to realize is about the best job any President ever tackled.

With the farmers complaining of marketing products at a loss, manufacturers complaining of all high prices, and the country back to normalcy, which Mr. Harding is beginning to realize is about the best job any President ever tackled.

Consequently the railroad question was chiefly discussed in the Cabinet meeting, but without any tangible results.

The President reiterated his conviction that a revision of rail rates would revive business, but how to get the rates reduced is a question that puzzles the Executive.

It is apparent that solution of the railroad problem by the appointed agencies of law means a long-drawn-out process, which is beginning to breed doubts of the wisdom of the Cummins-Esch Transportation Act.

Under this law, the Interstate Commerce Commission must maintain rates at a level which will produce a return of 6 percent on the investment in the railroads. If operating costs are reduced, the commission cannot reduce rates unless it should be for the current fiscal year and a supplemental appropriation of \$32,970 for the fiscal year which will close July 1, making a total of \$418,723.

The largest single item included in Secretary Hoover's estimates is \$100,000 for promoting commerce by export industries. In describing the need of this fund Mr. Hoover makes public a plan to establish in the bureau of foreign and domestic commerce twelve distinct divisions to furnish information to the various industries.

EXPENSES NEEDED.

The bureau has for some time felt the need of experts in given commodities to be able to co-operate with the leading industries of the United States in expanding their foreign trade.

It is desired to establish bureaus to furnish information regarding cotton and goods, paper and paper products, leather and leather products, chemicals, including dyes, drugs, heavy machinery, and machine tools, electrical goods of all kinds, automobiles, and accessories, lumber and lumber products, metal products other than machinery and electrical goods, vegetable oils, hardware, jewelry and silverware.

DECLARES GINI WAS NOT GIRL'S SLAYER.

(BY J. P. MONTAGNA)

SAN FRANCISCO, April 22.—Frank Gini, taken into custody last night and held as a suspect in connection with the killing of Miss Alice Byrnes of Fresno, here on April 1, was cleared of the charge today when Miss Virginia Thompson, Miss Byrnes's companion, declared Gini was not the man.

LEMON GROWERS' FLIGHT.

"The California lemon grower," said Mr. Clark, "is unable to sell his lemons in the East at prices that will pay him to produce, pack and ship the fruit. At first he blamed the freight rates, but as the freight rates have not been reduced, he turned into the situation he found that the reason for this is the fact that the Sicilian lemon growers were selling their lemons at a price of \$1.25 per box. That Sicilian grower has this advantage: He can take that \$1.25 in our money and go to Italy and immediately change it into a \$1 bill. So in this particular instance the only way in which the California lemon grower can compete is through the levying by Congress of an import tax that will give him a reasonable degree of protection. Then it may be that within a few years or a short time it will be possible to reduce that import tax."

EASTERN SITUATION.

"The facts are that the retail dealer in New York is paying just one-half what he paid last year, but his price to the consumer is identical with that of last year. Obviously the freight rate in that case is not what is preventing the grower from getting the price he gets last year, and under the conditions we do not see where a reduction in freight rates would benefit the grower. This is because those who control the market will not pay more than they are compelled to pay."

"The farmer is back to almost previous conditions so far as the price he gets for his wheat is concerned, but we are paying the same price for the same loaf of bread. I venture these things to show that all the trouble does not lie with the freight rates."

PENSIONS GRANTED.

Urges Seamen's Law Repeal.

(BY J. P. MONTAGNA)

NEW YORK, April 22.—Letters urging repeal of the La Follette seamen's law, and supporting surgeons' fees for the American merchant marine were mailed here today to every member of Congress by the National Immigration Council.

HARDING WILL
HELP FARMERS.President is Disposed to Aid
the Agriculturists.Treasury Willing to Advance
Farm Loans.Hoover Asks Money for
Foreign Exports.

(EXCLUSIVE DISPATCH)

WASHINGTON, April 22.—President Harding told western and southern Senators today, who called on him to urge financial relief for agriculture, that he was disposed to have the government deal as liberally as possible with the agricultural industry and promised to do all he possibly could in a constructive way.

The Senators in the conference were E. D. Smith of North Carolina, Simmons of North Carolina, Randall of Louisiana, Gooding of Idaho, and Gooding of Oregon and Norbeck of South Dakota.

The Senators urged the issuance of \$1,750,000,000 of Federal reserve notes to ease currency into circulation and a lowering of the rate on the prevailing rate, whereas in some States 6 percent is the usual rate. They called attention to the fact that the Federal reserve now has a gold reserve of \$55,000,000, whereas only \$42,000,000 is required.

President Harding assured the Senators that he was very sympathetic toward the needs of agriculture and that the treasury would not be hard on banks carrying agricultural loans.

The Senators who are acting in this matter in a nonpolitical manner have also conferred with some members of the Cabinet and intend to confer with all of them on the subject.

TO PROMOTE COMMERCE.

Additional appropriations were asked by Secretary of Commerce Hoover today to carry out his plan for enlarging the scope of activities of his department.

In a letter sent to the House Secretary Hoover asked for additional appropriations amounting to \$130,000 for the current fiscal year and a supplemental appropriation of \$32,970 for the fiscal year which will close July 1, making a total of \$418,723.

The largest single item included in Secretary Hoover's estimates is \$100,000 for promoting commerce by export industries. In describing the need of this fund Mr. Hoover makes public a plan to establish in the bureau of foreign and domestic commerce twelve distinct divisions to furnish information to the various industries.

The First Thing You Think Of

What Is ORANGE PEKOE Tea?

It has nothing to do with oranges. It is simply an oriental term to denote one of the different gradings of tea. There are three gradings of Orange Pekoe Tea—

Flowery Orange Pekoe (tea of very finest quality)
Broken Orange Pekoe " " " choice "
Orange Pekoe " " " average "

The first two are very much superior to ordinary Orange Pekoe. Ridgways (Gold Label) Orange Pekoe Tea is composed only of the Flowery and Broken Orange Pekoes—the finest teas procurable.

FOR TRUE REFRESHMENT

Ridgways Tea

SWINDLERS GET OVER MILLION.

"Sucker" Victims Trimmed of Huge Sums.

Son-in-Law of Former Chicago Mayor Involved.

Alleged Master Mind of Gang Being Sought.

(EXCLUSIVE DISPATCH.)
ATLANTA (Ga.) April 22.—That Atlanta, with a record of \$1,000,000 in losses, was only a stop-over place for international bunco operators on the way to Florida; that Floyd Woodward, known here as the "master mind," was only the local agent, and that Albert Thompson, son-in-law of the late Mayor Carter Harrison of Chicago, was one of the ring leaders, were declarations made today by Federal officers, who claim that the total thefts of the gang will reach a staggering amount. Victims from Philadelphia, Reading, Pa., Indiana, Memphis, South Carolina, Maryland, Mississippi and other points were included in the Atlanta list.

CHARGE STILL SECRET.
The exact charge in Atlanta against Thompson has not been given out, although his name was one of the first published by Solicitor John Boykin, and one of the first for whose arrest orders had been issued.

The Federal search for additional members of the ring now centers on Thompson. Inspectors revealed that Thompson is wanted in several cities, as one of the ring leaders of the syndicate.

TRIMMED TOURISTS.
They characterized Thompson as one of the cleverest of all confidence men, and said he spent much of his time in Florida resorts trimming wealthy tourists. It was said he made a hasty getaway from his \$25,000 home in Buck Shoals, N. C., several days ago when he learned inspectors were on his trail. His arrest before the end of the week was predicted. Dispatches said he was reported trying to make his way to Cuba.

DEMOCRATS OPPOSING EDWARDS'S PROMOTION

GENERAL RELIEVED OF COMMAND IN WAR MAY NOT BE GIVEN POST.

(BY A. P. NIGHT WIRE.)

WASHINGTON, April 22.—Strong opposition on the part of Democrats was voiced at a meeting of the Senate Military Committee today to confirmation of the nomination of Brig.-Gen. Clarence R. Edwards, first commander overseas of the Twenty-sixth (New England National Guard) Division, to be a major-general. The subject was discussed at a conference with Secretary Weeks, who urged confirmation of the officers recently nominated by President Harding to be brigadier and major-generals.

The opposition to promotion was said to have been based upon his military record, although Secretary Weeks said the War Department files contained no unfavorable evidence in connection with his release from the command of the division some time before the armistice. The Secretary was requested to supplement the information given the committee today. Meanwhile action on all the nominations was deferred.

CARUSO HAS RIDE IN CENTRAL PARK.

FAMOUS TENOR BRAVES OUTSIDE FOR FIRST TIME SINCE STRUCKEN.

(EXCLUSIVE DISPATCH.)

NEW YORK, April 22.—Venturing from his apartment in the Vanderbilt Hotel for the first time since he was stricken with pleurisy on Christmas Eve, Enrico Caruso enjoyed a two-hour ride with Mrs. Caruso in a closed motor car through Central Park, yesterday afternoon. It was learned today.

Many persons recognized the tenor and there were nods and waving of handkerchiefs. Arrangements have been made by Mr. and Mrs. Caruso to sail for Naples on the Italian liner Presidente Wilson on May 31.

KITTY GORDON ASKS FOR LARGE DAMAGES.

WANTS \$15,000 FROM ANDERSON AND WEBER OVER FLIVVER CONTRACT.

(EXCLUSIVE DISPATCH.)

NEW YORK, April 22.—Kitty Gordon, motion-picture and vaudeville actress, appeared today before Justice John Ford in the Supreme Court to press a suit for \$15,000 against Gilbert M. Anderson and L. Lawrence Weber.

Miss Gordon alleges that she was engaged by the two for the production of eight photographs for a period of thirty-two weeks at \$1250 weekly and 35 per cent of the profits. When the contract fell through, Miss Gordon said, it took her twelve weeks to get another. She wants \$1250 a week for that period.

MAY AVERT TIE-UP IN SHIPPING SERVICE.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, April 22.—The danger of a tie-up in the trans-Atlantic shipping service, which has been threatened by the announcement of the owners of a 30 per cent reduction in the wages of the seamen and stewards, has been lessened by the provisional acceptance on the part of representatives of the firemen and seamen of reductions of 15 per cent, effective May 15.

The stewards are not affected by the settlement.

—this is
Grayco Cravat
and Soft Collar
Week!

—be comfortable!

—wear Grayco soft collars!

—buy 'em by the box!

(six assorted piques)

—look for the Grayco label!

10 reasons why YOU should wear them:

1. They are hand-tailored—cut by hand, turned by hand, trimmed by hand, pressed by hand, selected and packed by hand.
2. Being an entirely hand-made product, they fit perfectly and have that real custom look.
3. The shrinking is done BEFORE the collar is made. This means a uniform fit during the entire life of your GRAYCO.
4. The quilted reinforced band eliminates the bothersome inserts and makes starching unnecessary. Can be laundered at home, which prolongs life of collar.
5. They are made of specially-constructed material—they come in assorted patterns—and there is a shape for EVERY neck.
6. GRAYCO soft collars are made in quarter-sizes, to snugly yet comfortably fit your collar band.
7. They are made in the West, and therefore you are always assured of a duplicate of your favorite style.
8. The tailored-in style, dash and smartness make GRAYCO the ideal year-round collar—for all occasions—for business and semi-dress wear.
9. The advent of GRAYCO soft collars marks the passing of that instrument of torture—the stiff collar.
10. GRAYCOS are boxed in half-dozens for your convenience—usually in six different patterns.

—See special GRAYCO window displays and demonstrations at all the leading Haberdashers.

Alexa Stirling Bows to British Women Golfers; A.A.U. Track Classic at Redlands

YANKEE CHAMP IS DEFEATED

Plays Brilliantly, but Two Holes Cause Trouble.

Janet Jackson, Victor, Has Three-Stroke Margin.

But Miss Stirling is Still Considered Formidable.

(BY CARL AND ASSOCIATED PRESS.)
LONDON, April 22.—Miss Alexa Stirling, champion of the American women golfers, today suffered defeat at the hands of two British champions—Miss Jackson and Victor, who made the eighteen holes in 17 and the thirty-six holes, Miss Jackson came home with 158 and Miss Stirling with 161.

The tournament, the first open event in which Miss Stirling has competed, was for the "gold illustrated" trophy.

HAS TWO BAD HOLES.
The American woman played beautiful golf on almost every hole. Two holes, however, were bad.

On the seventh, when today is four, and the seventeenth, with a like bogey, caused her trouble, and in the opinion of the gallery lost her the match. These holes were made in seven.

Miss Stirling got into difficulties at both of them during the afternoon round. In the morning she made the eighteen holes in 17 and in the afternoon in 18. Her nervousness of the first matches, she played in England had completely disappeared today.

Miss Jackson covered the first eighteen holes in 16 and in the afternoon negotiated them for a 75. Miss Stirling's morning card was 15 and her afternoon score 17, the latter being the day's low medal score for eighteen holes.

NEXT BEST SCORES.
Miss Joyce Wetherby scored 166, Miss Joy Winn, 161, and Miss E. Marshall, Miss Elsie Grant, 160, and Miss E. H. Helms, each with 176, were the next best among the scorers of the day after the three holes.

Notwithstanding the defeat, Miss Stirling has met with since she arrived in England, she still is considered a formidable opponent for Britain's best women golfers in the open championship to be played next week.

She started the match to-day with a long, low drive, and continued with excellent ten shots throughout. Her approach also were good, considering it was the first time she played the course. At the end she drew the applause of a large gallery by sinking a ten-yard putt in beautiful style.

Overseas, winners of the Spaulding cup and the United States championship will meet in the final of the Spaulding perpetual trophy at Vernon ball park tomorrow afternoon. This game will mark the closing of the soccer season.

Both squads are going at a fast clip and a rough exhibition of ball is confidently expected. The entrants have each a strong offensive, their wing men being especially fast and clever with the opposition. The United States possibly have the edge in the line, but any advantage here is offset by the speed of "Tunney" at back for the Overseas. "Tunney" is possibly the best back that has been developed in a season.

To stop the fast Overseas, Robinson and Brown will have to break up the clever combination play of Hurley and Speedy. This pair played circles around the opposition in last week's game, and if they can maintain their standard of play will be hard to stop.

The game will start promptly at 2:30 and will be under the direction of Mr. Robert Green.

TIJUANA RESULTS.
(INCLUSIVE DIVISION.)
SAN DIEGO, April 22.—Zestetto pulled the unexpected in the fifth race and trotted home a length and a half in front of Helman, the favorite, with Lady Innocence, a fast-gaiting filly.

First race—Five and one-half furlongs: Bill and Betty, second; Dorian, third. Time 1:08.4.

Second race—One mile: Maudie, second; Bill and Betty, third. Time 1:41.4.

Third race—One mile: Maudie, second; Bill and Betty, third. Time 1:41.4.

Fourth race—One mile: Maudie, second; Bill and Betty, third. Time 1:41.4.

Fifth race—One mile: Maudie, second; Bill and Betty, third. Time 1:41.4.

Sixth race—One mile: Maudie, second; Bill and Betty, third. Time 1:41.4.

Seventh race—One mile: Maudie, second; Bill and Betty, third. Time 1:41.4.

Eighth race—One mile: Maudie, second; Bill and Betty, third. Time 1:41.4.

Ninth race—One mile: Maudie, second; Bill and Betty, third. Time 1:41.4.

Tenth race—One mile: Maudie, second; Bill and Betty, third. Time 1:41.4.

Eleventh race—One mile: Maudie, second; Bill and Betty, third. Time 1:41.4.

Twelfth race—One mile: Maudie, second; Bill and Betty, third. Time 1:41.4.

Thirty-second race—One mile: Maudie, second; Bill and Betty, third. Time 1:41.4.

KELLY OF GIANTS TIES BABE RUTH.

(BY A. P. NIGHT WIRE.)
NEW YORK, April 22.—The home run batting race between Babe Ruth of the New York Yankees and George Kelly of the New York Nationals remained at a dead heat today when each player pounded out his fourth circuit clout of the season.

Elmer Smith of Cleveland and Emil Meusel of the Philadelphia Nationals are only a step behind with three home runs to their credit, while Bob Meusel, Emil's brother, has two.

Several other players also have made two.

Ruth is far ahead of last year's schedule as he did not make his fourth home run in 1920 until May 11. Kelly's home-run total for 1920 was eleven. Ruth made fifty-four.

STOCK CHASSIS RECORD BUSTED.

(BY A. P. NIGHT WIRE.)
DAYTONA (Fla.) April 22. I. P. Goodspeed, driving a stock car at Daytona Beach today, established a new world's one-mile automobile record for cars of the stock chassis type. Goodspeed negotiated the distance in 4.25 seconds, or at a rate of 105 miles an hour. The record was formerly held by Ralph Mulford.

POPULATION 1,234,567

AMERICAN FIELDS FOR YEARS

Brands Rumor of Oil Will be for Long Time.

Home Here for His To Make Tour.

Gen. Manuel Pelaez, whose stand against the pro-German policy of the United States, has been a constant reminder to the people of the United States of the importance of the oil fields in the United States.

Gen. Manuel Pelaez.

From my close study of the oil fields of Eastern Mexico, I can say with confidence that there is no basis for the statement which is being made in this country that the Mexican fields will be exhausted within two or three years. For the next twenty years their tremendous output will be continued, and probably for many years after that, Mexico will become increasingly important in the coming years in helping to maintain the supremacy of the United States in petroleum.

TICKETS ALL SOLD.

Western Union Minstrel Show Will Have Large Attendance.

With every ticket in the house sold, the Western Union Minstrel show are preparing to entertain a record crowd at the Gamut Club Auditorium tonight.

Civil Hebbeler, J. B. Williams, Horace Major, Misses Helmar and Cooper, the White sisters and Misses Levenson and McQuaid will sing, and a Spanish orchestra, composed of messenger boys, will play.

PIANO COMPANY HEAD HERE.

George J. Dowling, president of the Cable Company of Chicago, is visiting in Los Angeles. The Cable Company are makers of the Conover, Kingsbury and Wollington pianos and also the solo-Euphonia players. Mr. Dowling, who spent yesterday day and will continue today, is here to discuss the business of the Cable Company's instruments on the Pacific Coast.

FOREST LAWS.

Comptroller General Charles C. Smith, who is in charge of the Forest Service, is here to discuss the business of the Forest Service.

GOVERNMENT.

Mr. J. H. R. Smith, who is in charge of the Government, is here to discuss the business of the Government.

THE ALEXANDRIA FLOOD.

Good news for the Alexandria Flood, which has been a great disaster to the people of Alexandria.

CREMATORY.

Los Angeles Crematory, 100...

NINE INDICTED FOR LYNCHING OF NEGRO.

(By A. J. Day) April 22. Indictments have been returned by the county grand jury in connection with the lynching last night of Jim Roland, a negro, who was the first indictment in this case.

ESTIMATE TORNADO DAMAGE AT \$250,000.

(By A. J. Day) April 22. The damage done by the tornado which struck the city of Los Angeles last night is estimated at \$250,000.

GEN. WOOD DELAYED BY ENGINE TROUBLE.

(By A. J. Day) April 22. Gen. Wood, who was to have been in Los Angeles last night, was delayed by engine trouble.

THE ECLIPSE GAS RANGE.

The Eclipse Gas Range, The Harrick Refrigerator, The Hoosier Kitchen Cabinet.

CITIZENS WILL AID VICE WAR.

Police Commissioners, Chief Enlist Civic Bodies.

Formulate New Methods; Will Battle Disease Menace.

Want Laws Changed to Make Prosecutions Easier.

Declaring that everything possible will be done to check vice conditions in Los Angeles as exposed by the Times investigators and formally presented before the Police Commissioners last Wednesday, Commissioner Barry last night stated that he and Commissioner Wilson and Chief of Police Fendegast have formulated plans and methods by which to grapple with the situation. The nature of these plans cannot be made public, the Commissioner said, because such disclosures would materially weaken their effectiveness.

Commissioner Wilson said that the entire problem is to be laid before the Chamber of Commerce, Merchants and Manufacturers Association, Better America Federation and other civic bodies with a view to obtaining co-operation for the authorities. The original intention of taking the matter up with officials of these bodies yesterday was abandoned somewhat when it was decided to have the action proceed from a committee now being organized.

MUST AROUSE CITIZENS.

Mr. Wilson has previously asserted that the community must be aroused to the necessity of realizing that commercialized vice is a great menace to the health of the whole city.

Referring to the report of the police commissioners on vice conditions, a letter written by Alida C. Bowler, field agent of the United States Interdepartmental Social Hygiene Board, to the Police Commission, was made public yesterday.

The writer presents statistics to show that of seventy-six arrests from July 1, 1920 to March 31, on moral charges from addresses on North Main and North Spring streets, the places covered by the Times investigation, only fourteen were released without penalty.

The percentage of cases convicted and sentenced seems to us to be hardly justifying your demand for evidence we do not know that it is well-nigh impossible to secure a conviction, the letter reads.

We would heartily agree that too often the penalties imposed are too light, and all too frequently suspended, but the thorough investigation would reveal very many failures to convict when proper evidence is submitted to the presiding judge.

We are trusting that you will issue instructions to the judges, which will tend to bring about a new attitude towards the enforcement of anti-vice laws in a determined effort to lessen the disease menace in Los Angeles.

HAD NOT BEEN LETTER.

Both Police Commissioners said last night that the letter has not yet been brought to their attention. Both, however, have stated that they will do everything in their power to correct as nearly as possible the social vice conditions.

When portions of the letter were read last night to Commissioner Barry he asserted that the figures of arrests and convictions do not disprove the contention of the police department from vigorous prosecution of dissolute women who spread disease.

The writer apparently has overlooked the important fact that the police officers now have learned just what kind of cases can be successfully prosecuted in the police courts, said Commissioner Barry.

"After replying to the police judges about the nature of evidence formerly introduced in similar cases, they have learned to bring into court only those persons against whom the proof is convincing beyond any question. The figures fall to show the many cases in which arrests and convictions could be made if the laws were not so favorable to the criminals."

CALLED HIM TOO OLD.

Wife, Warned She Was Too Pretty to Visit Beaches, Divorced.

Mrs. Irene L. Taft told her husband, Elias C. Taft, he testified in divorce proceedings yesterday that he was too old for her. He introduced in evidence a number of letters which indicated that she had admirers.

"Dear Love's Heart: Keep away from the beaches. You are too pretty a blonde to hang around the coral strand."

The decree was granted to Mr. Taft.

FEARS DEATH, SEEKS IT.

Carpenter Who Attempted Suicide Not Expected to Live.

Fearing that he was suffering from an incurable disease, W. Whitlock, 45 years of age, a carpenter, early yesterday morning attempted to end his life by shooting himself. He was found unconscious in his room in a downtown hotel and was rushed to the Receiving Hospital and then removed to the County Hospital.

According to the surgeons, Whitlock shot himself just above the heart and probably will not recover.

BANDITS BIND, GAG AND LOOT.

Plunder Worth Thousands is Taken in Bold Robbery.

Wealthy Kentuckian and His Chinese Cook Beaten.

Men Get Away and Leave No Clue for Officers.

Wrecking antique furniture and tearing down tapestry valued at thousands of dollars, four daring bandits at noon yesterday looted the residence of Edwin E. Pearce of 430 South Westernland avenue, after binding and gagging Mr. Pearce and his Chinese cook and locking both of them in a room on the upper floor of the residence. The robbers escaped with jewelry valued at close to \$20,000.

Walking into the front room of the mansion at just noon, when Charles Chong, the Chinese cook, was alone in the house, the four bandits, after a desperate struggle, overpowered the cook and tied him with ropes. The Chinaman was then gagged and locked in a closet. During the struggle with the cook, expensive antique furniture in the living-room of the residence was wrecked and the tapestry was torn from the walls.

Surprised in the act of looting the house by Mr. Pearce, who returned to his residence from a trip to his bank a short time after the cook had been overcome by the bandits, the hold-up men attacked the owner of the establishment. A second fight followed, during which Pearce was beaten over the head with revolvers, tied up and placed in the closet with the Chinaman.

PAINTINGS IGNORED.

Boldly returning to their work, the four bandits ransacked the entire house, collecting a huge quantity of jewelry from number of well-filled jewel boxes.

Police were first notified of the robbery when neighbors telephoned to Central Police Station that some one was screaming in the Pearce residence. Detectives Sergeant Mart, Simpson and Milligan arrived at the Pearce home after written by Alida C. Bowler, field agent of the United States Interdepartmental Social Hygiene Board, to the Police Commission, was made public yesterday.

In statement to the officers Chong declared that he was working in the rear of the house when he was attacked by the bandits. When he investigated he was attacked by four men armed with revolvers. He told that he was killed if he struggled, the plucky Chinaman put up a desperate fight against them, but was overpowered. Chong's pockets and robbing him of over \$100 in cash and two gold watches, the bandits locked him in a closet.

DEMANDED HIS MONEY.

The bandits attacked Mr. Pearce, according to his account, with the butts of their revolvers as soon as he entered his home. He demanded that he show them where he kept his money. He screamed for help and fought the four until they bound and gagged him and threw him into the closet.

From what could be learned by the investigating officers, most of the jewelry secured by the bandits was collected by Mr. Pearce in China and Japan. It was valued at \$20,000. Among the articles were a number of very fine black diamonds. Little could be learned by the investigating officers regarding the actions of the four bandits.

The neighbors interviewed saw the four men enter or leave the Pearce home. They saw the men in a light-colored automobile, and in a light-colored suit and a dark fedora hat.

The second member of the gang was described as five feet seven inches, 25 to 30 years old, 160 pounds, dark hair. He wore a dark suit and a dark hat.

All four of the bandits were armed with revolvers and all seemed to know just what they were looking for.

Mr. Pearce told the police he is a retired farmer from Kentucky and has been living in Los Angeles since he was driven from his home on Westmoreland. He stated that Chong, the Chinese cook, is his only servant.

Doctor in Girl Case Again Held as Extortionist.

Although a charge of extortion against Dr. Leander Taylor was dismissed yesterday by Justice Baird upon the motion of Dep. Dist-Atty. Costello, the defendant was immediately rearrested on a similar charge and lodged in the County Jail pending the raising of bail.

The case was dismissed because Dr. Taylor, attorney for Arthur H. Allen Jr., advised his client not to testify on the ground that what he might say would tend to incriminate him.

Dr. Taylor was accused of extortion of a promissory note for \$1000 from young Allen on a threat of exposure and arrest. The youth is charged with a statutory offense against Martha Miller, a young Whittier actress.

Taylor and he will be arraigned Monday on the second charge.

ACCUSED BARE SLAYER FAINTS.

Fainting yesterday during her arraignment in Justice Baird's court, Eris Mulligan, accused of the murder of her unnamed baby girl, was carried from the courtroom to an automobile and hurried to the County Hospital. Upon admission she was out-lined in address by members and officers.

Comes to Begin Her Career in Films.

Mrs. Clara Smith Hamon, snapped at the Southern Pacific station yesterday by a cameraman for the Keystone Photo Service just after she had alighted from the train.

ACCOUNTING IS WON BY PUMP MAN.

Court Orders Receiver and Sale of Valuable Property at Manufacturer's Behest.

Judge Stephens yesterday decided the suit of Samuel W. Luitweiler, pump manufacturer, against his wife, Sophia Luitweiler, for an accounting and a receivership. In this action Mr. Luitweiler, who is 74 years of age, declared that he has no income, but receives a pension of \$18 a month as a veteran of the Civil War.

He stated that his wife has an independent income, in addition to her possession of money and property acquired during their marriage.

CLARA HAMON'S HERE TO FIGHT.

Wishes to Make Good, Says Jake Hamon's Slayer.

Film-Plays for Uplift and Cash Being Planned.

New-Fledged Actress Denies She's a Butterfly.

Clara Smith Hamon came to Los Angeles yesterday, not in quest of pity or sympathy, she said, but in search of a fighting chance to make good.

Mr. Hamon, the pall of the Jake Hamon murder trial and all its lurid revelations still hovering over her, is here as a modern evangelist to preach through the medium of the straight and narrow way and that they may profit by his misadventure, which are to be unfolded on the screen.

"I believe I can reach the public in a better way through motion pictures," she said last night at the Alexandria. "But not alone for moral uplift, I place my life's story in photoplay form. Frankly, I will state that my entering into film production is for a twofold purpose. Money was accompanied to Los Angeles by W. E. Weather, vice-president of the Edmund Oil and Refining Corporation, Fort Worth, Tex., who is to be manager of the Clara Smith Hamon Production Company. The details of the production company have been completed, and as soon as a suitable studio can be leased, it is stated, either in Los Angeles or San Diego, the first photoplay will be filmed. This photoplay is to deal with the life of Mrs. Hamon and the incidents leading up to and including the famous trial at Ardmore, Okla. Following which Mrs. Hamon was acquitted of the murder of Jake I. Hamon, oil king of Oklahoma and Republican National Committeeman.

Other photodramas are to follow, but these will have no bearing on the Hamon case. They are to be pictures of the first picture, Mrs. Hamon stated, her company will erect its own studios and will enter permanently into the film production business.

Though she has never appeared in pictures or on the stage before, Mrs. Hamon expressed confidence that she will succeed in her new field of endeavor.

"I believe I will make good," she said, "and I am confident that I will be happy in accomplishing new things. I want the truth of my life to be told first. I am not the butterfly of women. I have never lived that kind of life, though my life has been pictured that way."

She stated that she has entered into a new and better life. My happiest days have been spent since I joined the church, and after that I was baptized in the First Christian at 2:30.

The convention opened at 10 a.m. with a craft session, followed by a luncheon. There was a general session at 1:15 and an auto ride to Balboa and the trip over the harbor at 2:30.

The convention program includes craft sessions from 10 to 12, general sessions at Orange County Park at 2 p.m. with a trip to Modjeska Park for the ladies, a picnic at the county park from 5:30 to 7, followed by a band concert, entertainment and dancing.

The Orange county association is acting as host. State association of the family, explained Robert W. Martland, state secretary, San Francisco, and Walter W. Siddick, state field secretary, Oakland, formerly of Santa Ana.

CUDAHY RITES TODAY.

High Mass for Millionaire's Son to be Held at Ten O'clock.

Funeral services for John P. Cudahy, who killed himself Wednesday, will be held this morning in the Church of the Blessed Sacrament in Hollywood. High mass will be said by Monsignor Harman at 10 o'clock. The body will be placed in a vault at Calvary cemetery pending final disposition. The funeral will be held at Calvary cemetery, San Francisco, Monday, April 25, at 10 o'clock.

Dr. James W. Hagarty, Paul W. Schenck, Monroe Salisbury, Frank Simmons, Milton Markwell and Walter McNamara.

Mr. Schenck, who is attorney for the family, explained that the body will be placed in a vault at Calvary cemetery pending final disposition. The funeral will be held at Calvary cemetery, San Francisco, Monday, April 25, at 10 o'clock.

From the estate of his father, Michael Cudahy, automatically goes to the widow and children. The estate is in trust and Mr. Cudahy as an individual owned no property that would require disposition by a will of litigation.

HOLLYWOOD PIONEERS ARRANGE FOR PICNIC.

Hollywood's "old settlers," that is, those who have resided in the Mecca for cinema stars and tourists longer than twelve years, the period since the silent picture era, will picnic in "Little Griffith Park," sometimes called Mossyhunga Canyon, on May 1.

Col. J. J. Steadman will be master of ceremonies. George L. Eastman and G. G. Greenwood are in charge of the program. They will be aided by F. J. Beveridge and Robert See.

About 250 attended the celebration last year.

THREAT OF SUICIDE.

Wife Gets Decree on Ground Husband Said he Would Kill Himself.

Mrs. Doris Kelley won a divorce from Joseph Kelley in Judge Sumnerfield's court yesterday when she testified that her husband threatened to kill himself on several occasions and told her they would be both beheaded off his feet underground. She also charged he would not support her.

DRIVES INTO HOUSE; DIES INSTANTLY.

Son of San Diego Family Killed at Harbor; Inquest Fails to Fix Blame.

Alfonso F. Molina, 31 years of age, secretary of the Southern California Fish Company, a seaman, was instantly killed yesterday morning at 2:30 o'clock when, driving his automobile at high speed up Sixth street at Los Angeles Harbor, he crashed into a house, which was being moved. So great was the impact that a twelve-by-twelve timber support of the house was snapped and the car plunged its way half way under the structure.

At the inquest held yesterday afternoon at the harbor it was found that Mr. Molina's neck had been broken. C. Mansfield, an engineer who was supervising the moving of the house, testified that Mr. Molina was driving at least thirty-five miles an hour, and failed to heed the signal of a lantern, which was waved at him 150 feet down the street. It was decided that death was accidental, and no blame was fixed in the verdict of the coroner's jury.

Mr. Molina, who was a sergeant-major of the One Hundred and Thirtieth Field Artillery, served in France during the World War. He leaves his parents Mr. and Mrs. J. F. Molina of 2151 Fourth street, San Diego, and a sister, who lives at the same address. He had made his home at the Marine Apartments at Los Angeles Harbor.

Masons to Give Vaudeville for Disabled Men.

Under the auspices of the Masonic Welfare Association, an all-star vaudeville benefit performance will be given at the Philharmonic Auditorium on Wednesday evening, May 4, for the Disabled War Veterans Home Fund. Arrangements have been concluded with many theatrical and cinema concerns of Los Angeles to appear in the cause.

The benefit will be staged under the direction of Milton E. Hoffman, who will be assisted by Perry W. Weidner, William Thode, Harry O. R. W. Robinson, George S. Strait, Pierre C. Payne, Earl S. Sharp, Charles Turner, Herbert D. C. L. Gray, William F. Fickelstein, Arthur Holliday and C. W. Ralph.

Charles Murray will be the emcee. The club of women, five voices, the McAdam dancers, Harold Lloyd, Mr. and Mrs. Carter De Haven, T. Ray Brown, Crawford, Ruth Roland, the Ernest Belcher ballet, Neely Edwards and Taconia, and other artists will appear on the program. The seat sale for the benefit performance will be announced shortly.

GUARD INQUIRY STARTS TODAY.

Military Board is Ready for McKnight Investigation.

May Take Week of Sessions to Reach Conclusions.

Charges on Splitting Fund Commission to be Aired.

Charged with the task of conducting an investigation and rendering an opinion in regard to certain financial transactions asserted to exist in the case of Lieut.-Col. McKnight of this city, relative to the solicitation of funds for the National Guard, the first board of inquiry named by the National Guard of this State for many years will begin its deliberations here today.

The sessions will be held at 1222 Citizens' National Bank Building, and the inquiry will continue with day and evening sessions until it is finished. The board is made up of Maj. Frank H. Hutton, of this city, who will serve as chairman; Maj. Joshua B. Dickson, of Petaluma; Capt. Arthur R. Koepsel, of Santa Ana; Capt. David F. Harby, of San Francisco; and Capt. Fontaine Johnson, of Sacramento.

SECOND INVESTIGATION.

This board was named Thursday by Adj.-Gen. Borras at the request of Col. McKnight, after the Naval and Military Affairs Committee of the Chamber of Commerce had conducted an investigation into the methods pursued in collecting and handling certain funds solicited here for the support of the Los Angeles regiment.

It was learned yesterday that this investigation did little more than bring out the statement of F. J. Menzies, a solicitor, to the effect that he paid Col. McKnight 10 per cent of his 50 per cent commission, and Col. McKnight's emphatic denial that he ever received a penny from the funds secured by Mr. Menzies for the support of the regiment. The Chamber of Commerce has announced that it will pursue the matter no further until it hears the result of the inquiry conducted by the military authorities.

Maj. Hutton, of the Judge Advocate-General's department, says it may be taken as a foregone conclusion that the charges to be investigated will be shifted to the bottom not only of the case of the National Guard but for the sake of Col. McKnight.

TEST AUTHORIZATION.

One of the points which the board of inquiry will take into serious consideration is the question of whether or not there was any official authorization of the solicitation of funds after the big benefit ball which was held the night before Thanksgiving. This is a point the Chamber of Commerce committee failed to clear up, it is said, and local guard officers feel that it had considerable bearing on the case.

Gen. Borras has asked the board of inquiry to conduct a full investigation of the charges, submit a report and render an official opinion in the matter. Major Hutton thinks it will take at least a week to complete the undertaking.

Railroad Loses by Decision of Land Officials.

A portion of a large land selection made by the Southern Pacific near Goffs in San Bernardino county, consisting of 55,000 acres, was attached in a decision handed down yesterday by Register Orville and Receiver Mitchell of the local Land Office. Special agents of the Department of the Interior made a survey of the big tract, and brought a contest against 12,000 acres, asserting that it was mineral in character, instead of agricultural. It was declared that gold, silver, copper and limestone were found in the land against which an action was brought.

The local officers decided that of the 55,000 acres attached, the claim of the government holds good as to 10,000 acres, and that acreage will be restored in public entry if the finding is approved by the Commissioner of the General Land Office in Washington.

It was shown by the testimony that one corporation had invested more than \$200,000 in mining operations on one set of claims.

SWEAR NOT TO DRINK.

Aliens Seeking Citizenship Asked About Prohibition Feature.

In passing on the qualifications of aliens for American citizenship, U. S. District Judge Bledsoe yesterday further emphasized the necessity of every prospective American citizen subscribing to the oath commanding obedience to all sections of the Constitution, including the Eighteenth Amendment, or the Federal prohibition feature. He asked this question individually of every person who took the oath.

Twelve or fifteen Germans were denied citizenship, because they offered the fact that they were aliens as an excuse for not joining the colors in the World War.

Forty-five persons were admitted, as follows: Subjects of Germany, thirteen; Great Britain, fifteen; Austria, two; Sweden, four; Italy, two; Russia, three; and one each from Holland, France, Mexico, Turkey, Switzerland and Belgium.

PROMINENT INSURANCE MAN IS RECOVERING.

J. A. McDonald, a prominent insurance man of Omaha, is recovering from an attack of paralysis at his temporary home, 315 South Flower street. Mr. McDonald, an official of the Guaranty Fund Life Company, was stricken last August with an affection similar to that said to have been suffered by ex-President Wilson. His entire right side was affected and the trouble appeared to be increasing. Milton H. Berry, an old trainer and physical educator who is in charge of the case, says that it was due to a blood clot on the brain resulting in a dormant condition of the muscles. The treatment consists of concentrating on these muscles and teaching them to again co-ordinate. The case has attracted some attention locally.

Hiking Clothes

—The trails are good—the flowers are out, the air is crisp and clear.
—Hikers dressed in Robinson's Clothes get all of the joy from the real Out-of-Doors.
—Hikers appreciate the genuine in all things. Good quality and reliability as expressed in Robinson's Hiking Clothes appeal to those who love the truth and the simplicity of nature.

Misss' Khaki Suits—with a knee length coat, cut on smooth lines—good to look at, better to wear—are priced at \$10.50.
Women's Breaches—good quality, \$3.45.
Women's Middy Coats at \$3.45.
Skirts which can be used as divided Skirts, at \$3.45.
Khaki Hats at \$1.25 and 95c.

THIRD FLOOR

Pongee Blouses

Six styles in Pongee Blouses offer a variety to hikers and motorists.
The Pongee is imported, of a quality that repeated tubing does not injure.
There are both high and low neck styles, priced from \$2.95 to \$6.75.

THIRD FLOOR

Children's Outing Clothes

Among the newer garments for children's playtime are Bloomer Dresses of khaki, priced at \$5.95. In sizes from 6 to 12 years.
Other practical garments for outing wear are: Khaki Breaches, \$2.95; Khaki Middies in Norfolk style and open down the front; Khaki Suits, \$10.00 and Separate Corduroy Breaches, \$5.95. In sizes from 6 to 18.

GIRL'S JUNIOR SECTION—FOURTH FLOOR

Let's Go! Boys

Boys' Wool Knickers \$3.45 a Pair

Such a little price—such good knickers.
A thousand pairs would not be enough around if every boy's mother could see for herself what really good knickers they are. Boys will like them, too.

They have good big pockets cut just as boys like them.

The colors have exactly the touch of pep that pleases both mother and boy.

And wear! Well, these knickers will certainly wear, for they are all wool Tweeds, Cheviots and Mixtures—mixed colors. (All materials are all wool.)

Stoutly sewed and lined throughout.
A Hundred of them—on sale Saturday, \$3.45 a pair.

BOYS' OWN DEPARTMENT—FOURTH FLOOR

500 Silk Petticoats \$4.95

500 Silk Petticoats are a special allotment, obtained at a price. The lowness of this price enables Robinson's to offer them in turn at a figure far below the ordinary.

This unusual price—for Saturday—will be \$4.95.

All are the straight-line models which the season favors.

They are Petticoats that make the wearer increasingly glad of possession, as the real quality of these garments is revealed under the stress of frequent wear.

150 Heavy Milanese Jersey Petticoats, have flounces of contrasting color, ornamented in cable stitching. In black, orange, peacock, gray, beige, rose, hunter, purple, henna, king's and French blue.

100 Pans de Cygne Petticoats have pleated ruffles put on in Van Dyke style. In taupe, dark brown, navy, hunter, old rose, purple, French blue, black and changeables.

100 Taffetas with a 6-inch pleated ruffle around the bottom. In an extensive line of changeables.
100 Petticoats with jersey tops and taffeta ruffles of self color. In navy, black, gray, henna, purple and several changeables.

50 Petticoats of white and flesh satin, lined to be shadow-proof. Scalloped at the lower edge and finished with lace.

For Saturday—these 500 Petticoats will be offered at \$4.95. It will be well to come early while there is a wide choice.

THIRD FLOOR

New Hats \$10.00

125 Women's Hats—each one different—are of diverse shapes and trimmings.

Milans—novelty straws—lace effects and maline combinations are trimmed with flowers and in tailored effects.

Wide choice is allowed for Saturday at \$10.00.

THIRD FLOOR

Women's Shoes, \$3.85

They are broken styles.
Mostly worth twice this amount and none less than double, values in the low shoes to be placed on sale Saturday are explainable on just one ground:

Good in quality; were there complete ranges of sizes these reductions could not be offered.

They are representative of a great many models in both high and low heels. Among them are shoes of white kid and black calf.

The pre-war price—\$2.35—stands for radical reductions. For Saturday, then, 376 pairs of Women's Low Shoes are priced at \$3.85.

FOURTH FLOOR

Real Laces Half Price

Hundreds of yards of Real Laces—most of them only a few yards of a kind—are to be had Saturday—the last day at Half Price.

FIRST FLOOR

Frocks For Now \$29.75—\$35.00

Four fabrics favored for spring form Frocks for street and afternoon needs.

Canton Crepe, Poirer Twill, Georgetown Crepe and Taffeta are the materials. They are developed in ways that indicate superior style creation.

Dark, conservative colors and a few of the lighter tones are to be found in the groups; \$29.75 and \$35.00.

THIRD FLOOR

Men's White Shirts, \$2.45

The all-white Shirt, is in special favor for spring wear.

Two groups are to be had at this price—all of them an excellent value because of their quality.

Fancy White Madras Shirts, with a stripe and pattern in all white, have the regulation neck-band.

Negligee Shirts of all white Oxford cloth have attached collars in either button-down or regulation turn-over effect.

Both styles come in a good range of sizes, at \$2.45.

FIRST FLOOR—HOPE STREET ENTRANCE

Chiffon Broadcloths \$2.95

Pure wool Chiffon Broadcloth of the fine finish that makes attractive capes and wraps for spring—is offered at a surprising price.

1000 Yards of this fabric includes 15 shades, in light, dark and sports tones.

Every piece is 52 to 54 inches wide.

The quality is of the standard that has justified the saying—Robinson's for yard goods.

In fact, Chiffon Broadcloths for Saturday are fine fabrics greatly underpriced at yard—\$2.95.

SECOND FLOOR

Silks \$2.95

Six Silk Days at Robinson's—has brought much happiness to those who like beautiful clothes for Spring.

An extra value—a feature—has been made each day during the week. Saturday will be an appropriate climax.

500 Yards of Crepe Madelon, in champagne, maize, ciel, turquoise, gold, burnt orange, copper, Saxe blue, geranium, Copen, brown, navy and black.

250 Yards of Crepe Brocade, in flesh, Adriatic and tan.

700 Yards of Satin Charmeuse, in white, pink, American Beauty, turquoise, jade, King's blue, pearl, delft, navy, midnight, brown, African and black.

500 Yards of Heavy Tussah, in white and natural.

Every piece is 40 inches wide and all priced for Saturday at \$2.95.

SECOND FLOOR

Corsets 1/2 Price

Discontinued Models and Broken Sizes

400 Front Lace Corsets

Gossard, Bon Ton and Modart in a broken line of sizes; regularly from \$2.00 to \$25.00. AT HALF PRICE.

600 Back Lace Corsets

Bon Ton and Royal Worcester Corsets in a broken line of sizes; regularly \$1 to \$15. AT HALF PRICE.

FOURTH FLOOR

Brassieres

35c, 50c, \$1.45

Gossard, De Bevoise and Argus models—discontinued numbers.

Many of them are lace with ribbon straps and flower trimmings.

All of them are high quality, more like lovely camisoles.

Prices are half or less than half regular values.

FOURTH FLOOR

New Coats \$59.50

The modish materials of which the capes, coats and wraps are made are: Florizel, Ramona, Satin, Marvella, Evora, Tricotine and Duver de Laine.

They are lined throughout with soft, heavy satin of good quality.

Raglan sleeves are noticed in some of the Wraps. Rows of stitching in groups of three ornament several of the Coats.

The stitching ends a little below the waist line in tailored arrows.

Third Floor

Suits \$29.75

Silk Suits and Wool Suits for spring—in youthful models—are grouped at this price.

Shantung Silk Sports Suits, in natural color; dark blue Tricotine, and Checked Velour in brown and blue—make the assortment.

50 Suits of good line and thorough tailoring at \$29.75.

THIRD FLOOR

PRODUCT BOND PROPOSAL MADE

Dollar Issue Gets Hearing by Council.

Workman Point Out of Eliminating Risk.

Build New Spans Over Los Angeles River.

It is best not to pass legislation until it is a fact.

Another thing, when the council is called to order, it is best to have a chairman.

It is becoming more and more a fact that the council is a fact.

Carson's voice is all right, but his voice is not a fact.

It has always been a fact that the council is a fact.

It is understood that the council is a fact.

There may be a fact that the council is a fact.

The fellows who are in the council are a fact.

There is a great deal of fact that the council is a fact.

Over in England a fact that the council is a fact.

They can be spared.

Why doesn't some one write a book about the council?

Dr. Conant Doyle, a fact that the council is a fact.

Black that a fact that the council is a fact.

A lot of fact that the council is a fact.

There would not be a fact that the council is a fact.

The term "fact" is a fact that the council is a fact.

It is a fact that the council is a fact.

Our product is a fact that the council is a fact.

From the fact that the council is a fact.

Our product is a fact that the council is a fact.

Our product is a fact that the council is a fact.

Our product is a fact that the council is a fact.

Our product is a fact that the council is a fact.

Our product is a fact that the council is a fact.

Our product is a fact that the council is a fact.

Our product is a fact that the council is a fact.

Our product is a fact that the council is a fact.

Our product is a fact that the council is a fact.

Our product is a fact that the council is a fact.

Our product is a fact that the council is a fact.

FINDS TROPICAL FRUITS TO ENRICH SOUTHLAND GARDENS.

What Wilson Popenoe, plant explorer for the United States Department of Agriculture, is doing to make more productive and beautiful the gardens and ranches of Southern California is told in an interesting letter from the great horticultural authority in the Farm and Tractor section Sunday. In faraway tropic lands Mr. Popenoe is securing valuable new fruits and flowers which are adapted to Southern California conditions and which will soon be available for distribution. The giant blackberry of Colombia, twice as large as any now growing in California, is described. Mr. Popenoe writes that he has secured a harder papaya than any now growing in this region, from the mountains of Ecuador, and is enthusiastic over the possibilities of a strawberry which thrives without irrigation in a district which has approximately the rainfall of Los Angeles.

How the grain growers of the United States, weary of the manipulation of the market by speculators and the levying of a heavy toll by middlemen, have united to market their wheat, corn, oats and other crops is told in a special article. In retrograde illustrated articles on the evolution of the box of strawberries, the live-stock fair given by high school boys, the big stock-feeding establishment of the Kern County Land Company and Fillmore's unique orange show are given prominence. Kruckeberg, the poultry expert, gives rules for success in egg production, and Brautson discusses the interesting California horse chestnut and maples.

Smuggling-Plot Charge Costs Fifth-Street Cut Through Normal Hill Protested.

As the result of testimony of J. R. Garritt, an immigration officer, that M. H. Furukawa, a Japanese convicted of passing a fictitious check, was involved in a plot to smuggle Japanese across the border from Mexico, Judge McCormick yesterday denied the defendant's application for probation and continued the case until June 24 for further investigation. It was stated that the government may take steps to deport the defendant.

The witness testified that the immigration authorities had been watching the defendant for five months, and that at one time he is said to have proposed to an American that a tract be leased near the border in order to aid in smuggling in the contraband Japanese. The offer was declined, it was stated.

The situation was also investigated by Capt. Worthington of the American Legion Post at San Diego. Dep. Dist. Atty. Richardson prosecuted the case against Furukawa, who was found guilty of giving a fictitious check for \$750 to another Japanese.

Joseph Decker, who is said to have picked out banks as his particular prey, was found guilty yesterday on two counts, of obtaining money under false pretenses, and two counts of forgery, by a jury in Judge Reeve's court. He was charged with presenting two forged letters of credit for \$14,750 to the Farmers' and Merchants' Bank, and with obtaining \$5000 and \$7500 through the representation that he was E. B. Chandler, a wealthy business man of San Antonio, Tex. After Dep. Dist. Atty. Keyes and Lou Gouraury, defense attorney, had argued the case, the jury considered an hour before returning a verdict.

Decker was said by Dep. Dist. Atty. Keyes to be one of the smoothest bunco operators. He said it had been reported to the District Attorney's office that Decker once landed in a small town in Texas and discovered a celebration in progress. He is said to have asked what was going on and was told a bank was opening. Decker is said to have responded that he must leave some thing in the town to remember him by, and left shortly afterwards. The bank, it was stated, was minus \$17,000 on its opening day.

Decker will be arraigned on Monday for sentence.

SAYS HE'S BANKRUPT. C. F. Briggs of La Verne and a petition in bankruptcy in the United States District Court yesterday, giving his indebtedness as \$4579.45, and his assets as nothing.

BLUE LAW FIGHT PUT UNDER WAY

Restraining Order on Pomona Ordinance Continued.

Counsel for Theaters Attacks Legislation Violently.

City Attorney Maintains It is Valid, in Effect.

The legal battle which will be waged around the question of the validity of the Pomona "Blue Sunday" law when the matter comes up for final argument before Judge Burnell next Wednesday was foreshadowed in the title over the issue in his court yesterday. The result of the first test of strength in the battle over the legality of such legislation was that Judge Burnell ordered the restraining order issued by Judge Shenk to remain in force.

City Attorney Alford of Pomona and Attorney Cooper maintained that the ordinance is valid and that it is now in effect.

Attorney Schwitzer, representing the petitioners, the West Coast Theaters, Inc., attacking the ordinance, argued that the ordinance is not in force, that it is unconstitutional as being class legislation and that the only offense committed or prohibited has to do with charging an admission fee.

"I don't suppose that the pious community of Pomona will be very much harmed by continuing this case," said Judge Burnell. "However, the question raised is a very important one since it involves the validity of an ordinance and the probable date when the ordinance closing the theaters on Sunday is to go into effect."

RECAST INDICTMENTS.

Grand Jury Names Tibbets, Others, in New Instruments.

New indictments charging Jonathan Tibbets and Joe Pety of Riverside and E. N. Jones of Indio with conspiring to alienate the confidence of the Mexican Indians in the government were returned yesterday by the Federal grand jury.

A new indictment also was reported against F. Ray, Edward and Ralph Groves, brothers, and Joe Goldberg, charged with violation of the national prohibition law and the Volstead Act by extortion. And U. S. Atty. Green stated that the only change was a recasting of the phraseology in one of the counts against the accused.

Other indictments returned follow: Jack P. Keith, Alton Read, C. W. Buck, Collins H. Martin, Louis Scottini, Alfred Gaden, Charles Davis and Tom Lenn, violation of the Harrison narcotic law; William Viera, Bladio Rivera and Marguerita de Sanchez, violation of the immigration law in bringing alien Chinese into the country.

TO ORGANIZE CLUB.

Students and employers of the International Correspondence Schools will meet tonight at 8 o'clock in Walker's Auditorium, Garfield Hall, 750 South Grand avenue, for the purpose of forming a Los Angeles unit of the I.C.S. Club. The boys will include club and study rooms, technical library, evening classes, employment bureau, entertainment, downtown lockers for members and means to bring students and employers closer together. A club magazine will be published.

Look for Tillamook on the rind!

Buy a family-size Tillamook!

Large families, restaurants, hotels, boarding houses—wherever cheese is freely served—will find the family size Tillamook in 6 and 14 pounds the convenient and economical way to buy cheese.

The simplest, most inexpensive dishes become real delicacies with addition of Tillamook Cheese.

Try everyday macaroni-and-cheese, potatoes au gratin, rabbit, salads or toasted cheese—using Tillamook—and notice how delicious these ordinary foods have become.

Tillamook Cheese is so rich and creamy because five quarts of full-cream milk go into the making of every pound. Always look for Tillamook on the rind if you want the best cheese you can buy.

—Ask your grocer to show you a family size Tillamook, or, if you prefer, buy it by the slice.

Escudido Chamber of Commerce.

Los Angeles Times.

Gentlemen:

I feel like expressing to you my humble appreciation of your enterprise in getting out the guide signs, "Greater Southern California," with the arrow pointing "Straight Ahead." I keep my sign displayed in our Chamber of Commerce and am pleased to note the cheer that it gives to the people as they notice it.

Cordially yours,

J. H. HEATH,

Secretary.

Four Held on Drug Charges; Traffic Heavy.

C. W. Burk, John R. Keith and Alton Read, who were captured last week by Narcotic Enforcement Officers Brooks and Bright, charged with violation of the Harrison narcotic law, were arraigned before U. S. Commissioner Long yesterday, and each held in a bond of \$2500. Read furnished bond and was released, the others were held.

Another charge that the three named and Jack Pantages, who conducts a flower stand on Fifth street, were involved in a conspiracy to violate the law, was heard, and Pantages was bound over in a bond of \$2500.

Burk, Keith and Read were taken into custody, the officers say, with forty-seven ounces of cocaine and morphine, the biggest catch in the history of the drug trade in Southern California. The stuff was brought across the Mexican boundary line. It is declared by the Federal officials that there has never been so much drug running as now, one of the officers stating that, "It is coming over in train loads." El Paso is the favorite shipping point. The most of the narcotics are manufactured in St. Louis and Philadelphia, shipped to Mexico, and then pushed across the line. On account of the heavy arrivals of morphine, opium and cocaine, the local prices are now much depressed, it is said.

SHIFT GROVES CASE.

Trial of Brothers Postponed for Another Week; Indictment Altered.

By an order entered yesterday in U. S. District Judge Blodgett's court, the date of the trial of F. Ray, Edward and Ralph Groves, charged with violation of the national prohibition law and the Volstead Act, was shifted again from Tuesday, April 25, to Tuesday, May 2, a week later.

The delay is caused by the indisposition of Judge Trippett, before whom the matter is to come, who is still at the Warner Hot Springs, trying to get rid of a persistent attack of rheumatism. The government has been ready for several days with its testimony and witnesses.

The Federal grand jury had the Groves brothers' indictment before it yesterday, and it was stated that the document had to be changed in "some unimportant" details, the nature of which was not announced.

Children's White Dresses—A Sale

Safeguard Your Structure With

Buttonlath

If you are not one of the great army of Buttonlath users it is probably because you are not aware of the unusual advantages of this improved lathing.

A simple investigation will prove to you that Buttonlath behind plastered walls and ceilings means safety from annoying plaster cracks and constant repair bills.

And then, too, Buttonlath is a tested fire-retardant, a perfect sound deadener and is impervious to both heat and cold.

Most builders know that Buttonlath speeds up construction and saves time, labor and plaster.

When in addition you can build better buildings, it pays to use Buttonlath.

Puritan Ham and Bacon

You should be discriminating in buying ham and bacon. Why? Because we are very, very discriminating about the selection and preparation of these two famous products.

Puritan Hams and Bacon are cured and smoked by our exclusive processes. These delicious products are free from excess salt. Both are uniformly moist, tender—in fact, incomparable. The ham requires no parboiling. Say "Puritan" when you buy and get a real treat.

LOS ANGELES LEADS.

A comparative statement of deposits and loans and discounts of national banks in cities of the Twelfth Federal Reserve District, released yesterday through the branch bank in Los Angeles, shows that this city is the only one in the district to register an increase in both divisions for the first two months of the year.

Deposits as of Feb. 21, 1921, were \$148,918,000, an increase over Dec. 29, 1920, of 7 per cent and an increase over Feb. 28, 1920, of 2.5 per cent. In loans and discounts Los Angeles showed an increase of 4.9 per cent for two months and 7.4 per cent for the year.

nds Improvement.**

ation station will be es-
Los Angeles Harbor at
Harbor Commission. If
States government will
decided yesterday at an
eting of the City Council,
ment Gordon of the Har-
bor: Inspector Burnett,
the Immigration Ser-
vice, and the Harbor
Commission, and a num-
ber of shipping men.
The city agreed to lend
the station \$57,000 for the
building a station on the
Harbor Pier 1, where the Im-
migration headquarters will
be. If the plan is ap-
proved, Inspector Burnett will take
up with Washington at
once. It is believed the govern-
ment will accept the offer.
The City Council and
Commission is believed
that an important step was
made this city a world
center. The nearest immigration
station at present is at San
Francisco. The city was
enthusiastic ever
since. "No more im-
migration has ever been under-
taken," Mr. Weaver
said. The close of the month
ended in this city as much
as the several oriental
immigrants in Los Angeles in de-
partment will need
criers here.
The matter of
an immigration station
has been under con-

FESTIVAL WINS
BIG AUDIENCE.High School Students Give
Scenes from Shakespeare.More Than Success, Inspiring,
Says Director Holme.Program to be Repeated at
Normal Hill Hall Today.

Lovers of Shakespeare crowded Normal Hill Center Auditorium yesterday when talented groups of dramatic art students from ten high schools gave the two first performances of the two-day Shakespeare festival of Southern California, staged in honor of the three hundred and fiftieth anniversary of the birth of Shakespeare.

The result was characterized by Ernest Holme, festival director, as more than a success. "It was an inspiration," he said. Mr. Holme was formerly director of student plays in the Greek Theater at Berkeley and was stage director at the Shakespearean celebration held at Stratford-on-Avon in 1926. The festival is being conducted by the Oral Arts

GROCERS INDORSE CRYER.

Enthusiastic endorsement of George E. Cryer for Mayor was announced yesterday by the Southern California Retail Grocers' Association and by the Distributors' Club, the latter organization representing all of the grocers in Greater Los Angeles, doing a business each of \$100,000 a year or more. The Retail Grocers' Association has a membership of 200.

The two organizations also endorsed for the City Council Mrs. Emma B. Swindell, Edward J. Delorey, R. E. Sparks, Col. F. H. Truax, P. C. Langdon, Robert M. Allan, and Benjamin Bogardus.

C. R. Weber, secretary of both the Retail Grocers' Association and the Distributors' Club, yesterday, at the headquarters of these organizations, 711-13 Union League Building, said: "The grocers of Los Angeles will make a vigorous campaign for Mr. Cryer and for the seven candidates endorsed for the City Council."

Association, composed of persons interested in dramatic affairs in the schools of Los Angeles, and will continue this afternoon and evening. The audience filled the auditorium. Hardly a seat was available after the first few bars of the lively overture played by the Lincoln High School Orchestra. And in word and gesture the high school students aptly portrayed the characters. Their acting was a surprise to many. Many of the scenes given were

"Our slogan in this campaign is 'Economy, Efficiency and Good Government,' and we believe that Mr. Cryer and the seven councilmen we endorse can and will give Los Angeles that kind of a city government. None of the men endorsed has any connection with the grocery business and our support camps entirely unsolicited."

"The cost of city government should be reduced and our taxes lowered. If we had an efficient city government such as Mr. Cryer and the seven councilmen will give us the results of their co-operation would be a lessened cost of city government and lower taxes. The occupational tax which is an unjust burden on the people was an emergency measure and is no longer necessary in this period of readjustment. Cryer and the seven councilmen we have endorsed stand solidly for a repeal of the occupational tax and for lower taxes in general."

from plays which have had little prominence on the stage and which are decided on in order that the full scope of Shakespeare might be seen and understood. The program for the festival were in progress for six weeks. All the work was done by the students and their dramatic instructors after school hours.

"The work has been entirely voluntary," declared Mrs. Isabel M. Gray, president of the Oral Arts Association. "In the acting of Shakespeare the young people are being taught that Shakespeare is a live subject and not a tiresome school-room task."

Mrs. Gray said that the sale of tickets for the afternoon performance yesterday enabled the association to defray the expenses of the festival. The association has a donation of \$1000 to aid in commemorating the birthday anniversary of the dramatist.

THE PROGRAMS.

The program given yesterday afternoon will be repeated this evening. It is as follows: Scenes from "As You Like It" by students of Jefferson High School, directed by Ella G. Webster; scenes from "Romeo and Juliet" by students of Lincoln High School, directed by Laura Frankfield; scenes from "Twelfth Night" by students of Alhambra High School, directed by Myrtle Goodykoontz; scenes from "A Winter's Tale" by students of Polytechnic High School, directed by Virginia Rowell; scenes from "The Taming of the Shrew" by students of Franklin High School, directed by Lucille Curtiss.

The program given last evening and which will be repeated this afternoon is: Scenes from "The Taming of the Shrew" by students of the Hollywood High School, directed by Mr. Kachel; scenes from "Midsummer Night's Dream" by students of Los Angeles High School, directed by Mrs. E. Cloud Miller; scenes from "Macbeth" by students of San Fernando High School, directed by Evelyn Burgess; scenes from "Anthony and Cleopatra" by students of Manual Arts High School, directed by Mrs. Isabel Gray.

It is the purpose of the Oral Arts Association to make the festival an annual one, Mrs. Gray said.

INVITE NAVY CHIEFS.

Redman Urges Denby, Roosevelt to Come to Los Angeles.

With one-half the naval force of the United States now in the Pacific, Admiral Redman considers it important that Secretary of the Navy Denby and Assistant Secretary Roosevelt should become personally familiar with conditions here and he has, therefore, invited them to visit the West this spring. He expects they will come before the middle of May as he is to leave for Washington at that time. Their itinerary, it is anticipated, will include Los Angeles, San Diego, San Francisco and Puget Sound naval stations. The San Diego Chamber of Commerce also has invited the navy chiefs to visit that city.

TO ARGUE NEW TRIAL.

Argument on application for a new trial in the case of Oscar A. Brown, convicted of the murder of McLaughlin Graydon at Venice last September, will be heard by Judge McCormick Thursday. Next Monday, Edward P. Doane and his wife, Julia Doane, elderly people, who owned the bungalow, dispute over which led to a fight, will go to trial on the same murder charge.

Often, indeed, have you built in your dreams just such a home. So characteristic, so expressive of that elusive something which we call refinement, its interior so refreshingly different, its decorative appeal so charmingly artistic. Surely you'll agree it is rightly termed a 'home of individuality.'

And every detail is complete, from the colorful Tiffany-finished living-room to

the handsome tiled bath and shower. In fact, many appointments you would expect to find only in a much larger house. In all, there are seven large rooms and basement. A double garage in the rear; with drive, flowers, lawn and shrubbery. It is located in Windsor Heights in an excellent environment. Seldom is such an attractive home offered at such an inviting price. You should waste no time in making an inspection. Drive out today!

SUNDAY MORNING,

INDIANS ASK
FOR RIGHTSFederation Passes
Resolutions.

Land Allotted Unlawful, and They Cannot Make Living, They Say.

Delegates Going to Capital to Plead Cause with the President.

(Continued from Page 1)

INDIANAPOLIS, April 22.—In the closing hours of the week's convention the Mission Indian Federation passed resolutions asking that the government be transferred to the management of Agriculture, whom whom humane treatment may be accorded. The petition reads as follows:

To the President of the United States, Our Great Father, National Congress, Federal courts and kind-hearted and generous people of the United States, greetings:

The Mission Indians of Southern California in assembly April 21, expressing in suitable resolutions our grievances in order that we may learn direct the distressing condition in which we find ourselves. We are and have at all times given to be law-abiding and peaceable, and extend the hand of friendship to all people.

"OUR NATIVE LAND."

Resolved, that this is our native land, our home long before the white man came, owned by our forefathers.

Resolved, that while this country and vast domain of natural wealth resources belonged to us, we were unlawfully and unjustly taken from us by the white man to possess himself of our native land and develop its resources.

Resolved, that we were disappointed of our producing and tillable lands and permitted to occupy only barren lands as that this government and our habitable surroundings are more inviting and fertile; that we be treated like human beings; domestic animals be made manly, furnished with land, perpetual water and as long as we are wards of government, racing conditions due human beings, position of the aged parents and relatives.

AUSTRALIA

War With America Premier, Watson

(BY CABLE AND AIR)
MELBOURNE, April 22.—For Australia with the United States was announced as a possibility, declared William Watson, in concluding the debate in the coming imperial conference at Australia.

The subject of the Anglo-Japanese treaty was prominent in the discussion and in alluding to it the Prime Minister said: "I have said repeatedly that the problem before Great Britain is to draw up or Britain in a struggle with the people of the United States upon some sort of understanding between America and Australia. It is to find a way of settling the dispute that the minds of those attending the imperial conference should be directed."

WAR IS UNTHINKABLE.

"It is unthinkable and not with the bonds of possibility that we should ever take part in a struggle with America. We cannot be won by any treaty which we do not wish."

THE DAY'S NEWS

NEW YORK. Cloudy. Wind at 8 from southwest; velocity, 8 missed 10. Forecast: For Los Angeles, cloudy; Sunday, mostly clear. For complete weather news see last page of this section.

LOS ANGELES. George B. Carpenter, 40, of World Travelers and an actor, died as a result of injuries received in automobile collision with a truck.

LOS ANGELES. Padlock broke four Southern Pacific A.A.U. truck cars at Redlands in which the three men of Southern California came to the city.

LOS ANGELES. Three girls from Los Angeles found in fossil bones in the Torrance area, and are believed to be the remains of a prehistoric race. The bones were found in a region 4,000,000 years old and are 16 years of age. The bones are said to be of the same type as those found in the Torrance area. The bones are said to be of the same type as those found in the Torrance area.
